

# 2 Decades Struggle Against Imperialism And Wars

## 1999 The founding Congress of PAME and the imperialist intervention in Yugoslavia —

The All-Workers Militant Front (PAME), since the first moment of its foundation remains steady to the principles of Internationalism and Solidarity. It remains steadfast by the side of the peoples that fight against imperialism, NATO, the EU. During the almost 2 decades of its life, PAME has developed a multiform anti-imperialist action. PAME has taken a clear position with militant actions and initiatives against the imperialist wars and interventions. It organized and it continues to express daily and multiform its Solidarity to the refugees and migrants. It has shown its solidarity to the fights of the workers, the peoples in other countries that suffer.

The internationalist character of PAME and its class solidarity were tested from the first moment, as PAME was founded in the flames of the imperialist intervention of USA-NATO-EU in Yugoslavia, an intervention that had the support of the Governments in Greece. PAME develops strong anti-imperialist action, huge rallies and organizes a caravan of solidarity to Yugoslavia in the heart of the bombards.

## Greek and Foreign workers United

PAME stretches its arm to every worker, regardless of religion, race and nationality. Greek and foreign workers fight together against the employers, exploitation and unemployment. From the construction sites of the Olympic Games 2004, and the strawberry fields of Manolada, PAME has stably stood by the side of the migrant workers.

During the last years, the class movement in Greece has faced the great duty to support the thousands of refugees- victims of the imperialist interventions in Syria, Afghanistan etc. PAME was at the forefront of Solidarity, and also to the denouncing of the hypocrisy and the murderous policy of the EU that transformed the Aegean Sea to a sea of dead people.

Important moments were in 2003 when Greece was responsible of the EU presidency, and the big delegation of PAME that participated in the demonstrations of Genoa in 2001.

2017 Dervan, South Africa, 17th Congress of the WFTU

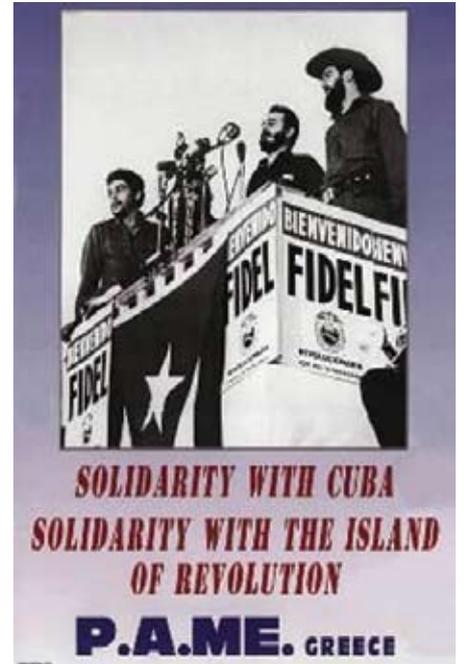

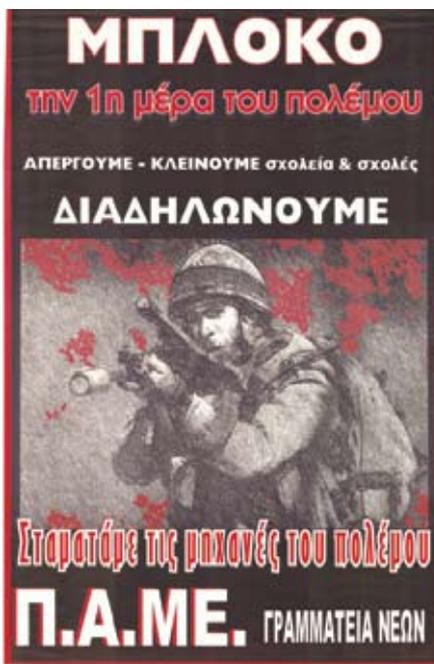

PAME since 2000 has been actively involved in the international trade union movement through the lines of the World Federation of Trade Unions. In its two decades of action, it took a series of initiatives for the reconstruction of the WFTU and the trade union movement of Europe. As a result of PAME initiatives, a European Regional Office of the WFTU was established. PAME delegation participated in the 15th Congress of the WFTU in Havana, after which PAME took over the hosting of the Federation's Central Offices in Athens. PAME hosted the 16th Congress of the WFTU and actively participated in the 17th Congress of the WFTU in South Africa. In the years to come, with more strength, with new initiatives, we will support action to form a class trade union pole in Europe, to strengthen WFTU.
